

MARINE SCIENCE CENTER SUMMER CAMP 2017

100 LIGHTHOUSE DRIVE, PONCE INLET, FL 32127 PHONE 386-304-5545

**Get ready for another exciting summer of
exploration and adventure at the Marine Science Center**

We are offering camps for ages 6 through 14 all summer, so there is plenty of opportunity for your son or daughter to experience the fun, adventure and learning that they will receive at camp. Our camps listed below are on a first come, first served basis and fill up fast. Please contact the Marine Science Center for details.

Campers will have fun in the sun with a variety of activities and will experience: seine netting, exploring the estuary and beach, fishing, squid dissection, canoeing, snorkeling, meeting live raptors, owl pellet dissection, and a reptile encounter. They will also learn about Florida's amazing ecosystems through games and crafts. Campers will feed

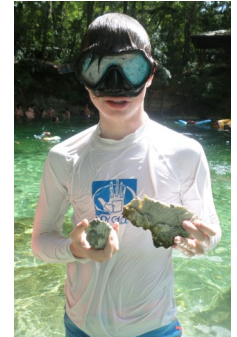

stingrays and learn about our bird and turtle rehabilitation center. Weekly Camps will enjoy a BBQ on Friday, where family and friends will get a tour of the Marine Science Center by their camper.

Summer camps are offered throughout the summer and fill up quickly. As of June 9, 2017, the following two camps still have space for participants:

June 26-30, Ages 9 to 14 - \$200

July 17-July 21, Ages 9 to 14 - \$200

The camp starts at 9 a.m. and ends at 4 p.m., with the exception of canoe days.

Note: Please make sure your child has closed-toed water shoes and is prepared to get wet. Wearing their bathing suit under their clothes is a great idea. Please bring sunscreen, a packed lunch and water for the day.

**Email or call to reserve your space:
